

PRODUCT INFORMATION

STANDARD MAGNETIC DOOR HOLDER FIRE RATED

PRODUCT DESCRIPTION

Fire and smoke door magnetic door holder, titanium alloy surface finished, elegant appearance. Installed on fire and smoke doors in projects where doors are required to be held in the open position for both pedestrian and general traffic, the devices have to be linked into a buildings fire/smoke alarm system. When an alarm occurs, power is removed from the devices and the doors are returned to the closed condition, preventing the spread of fire and/or smoke to other areas. The devices are fire tested to a rating of 4 hours and are supplied either 12 or 24VDC. Product is covered by 2 year warranty.

WALL MOUNT R40-12 R40-24

PART No.	R40-12(12Volt)	R40-24(24Volt)
FUNCTION	Wall mount electro magnetic door holder for fire and smoke doors	
HOLDING FORCE	Up to 25kg	
VOLTAGE/CURRENT	12VDC/160mA 24VDC/80mA	
SIZE	D= 41.5 x W= 71.8 x H= 85.3	
WEIGHT	0.46kg	
UNITS PER BOX	1 per box	

FLOOR MOUNT R40PCV12 R40PCV24

PART No.	R40PCV12(12Volt)	R40PCV24(24Volt)
FUNCTION	Floor mount electro magnetic door holder for fire and smoke doors	
HOLDING FORCE	Up to 25kg	
VOLTAGE/CURRENT	12VDC/160mA 24VDC/80mA	
SIZE	D= 62 x W= 59 x H= 88mm	
WEIGHT	0.5kg	
UNITS PER BOX	16 per box (9kg)
